Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an aching and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Benton's Liniment for sale at all drug stores.

The Pullman Strike.

The above named book and an excellent article in the last Appeal, gives a clear view of the great industrial contest against the exactions of Capital. Cagwin & Nefegare have both for sale, as also many new books and songs. Also a fine assortment of tissue crepe paper just received.

Notice is hereby given that the Register is open from 10 a. m. to 4 p. m. Sunday and legal holidays excepted, for the registration of legal voters in Carson township, Ormsby County Nevada.

ALL SORTS.

Stocks are still on the raise.

Mrs. M. D. Murphy is improving.

Passenger train two hours late yesterday.

Ed. Culver and wife are visiting relatives in this city.

A big crowd will go down to Reno to-day to take in the races.

The track is being put in first-class order for the races next week.

Abie Chlin has just opened up a lot of fall and winter goods. Call in and see them.

The Republicans already admit that Alex. McGowan will be the next District Attorney.

Don't fail to take in the Warren dance on the 12th. It will be the dance of the season.

A lone highwayman held up the stage yesterday near Yreka and got the Wells Fargo boys.

C. S. Young of San Francisco has been appointed Superintendent of Public Schools in San Francisco.

The Japanese fleet is within 200 miles of Peking and 5000 troops have been landed from the Russian border.

The San Francisco courts have decided that no man or party of men have a right to an exclusive party name.

Can some of our Republican papers tell the Appeal where Judge Rising resides when he is in this State?

A man in San Francisco attempted to jump from the steamer Acapulco with his wife in his arms. He was insane.

The Jewish new year closed last evening at 6 o'clock. It was celebrated by all orthodox Hebrews in this city.

The Tribune is estimating a Republican majority of 150 in this county this fall. Two years ago it estimated it at 200.

The case of Guinan vs. Chitt has been postponed until November 12, when the fight over the School Trusteeship will be renewed.

This fall the voters will have an opportunity of expressing themselves on the question of electing Senators by the direct vote of the people.

If you want your piano tuned, call on Geo. L. Lamy, the local piano tuner who always gives perfect satisfaction. Organ tuning and repairing a specialty.

Three madhounds were put on the trail of some murderers near Tacoma recently and soon caught them. This is the only sensible way to trail fugitives, and is but seldom adopted.

Charles Mack the silver smelter for District Judge was in this city yesterday. He serves the people as acceptably as District Judge as he has as Regent of the University he will give the best of satisfaction.

The horsey phiz of John P. Sweeney is once more among us. He has returned from the California races and thinks that the two turf events at Reno and this city will be "hot stuff" for lovers of fast horses.

A son of William Weston has turned up at Fresno and offered his fathers will for probate. Weston was the man who so mysteriously disappeared and is supposed to have been murdered by Sanders some months ago.

A journalist is a man who talks about being on a newspaper, but is not. A newspaper man is one who is on a newspaper and makes no fuss about it. A farmer is a man who works the soil, and an agriculturist is a man who works the farmer, while a promoter is a man who works everybody.—Brooklyn Eagle.

The topical song singers threaten to place the orators in the shade. When the campaign Glee Club gets on deck the audience fill the place with applause and the orator is in the shade. Will Davis' topical songs seem to fill an aching void in the Republican meetings, which the campaign orators cannot treat successfully.

Advance in Freight Rates.

Omaha, Oct. 2.—The Missouri river roads today announced that after October 20 all freight rates to Portland and adjacent points will be advanced from 7 to 25 per cent. This is a discrimination in favor of San Francisco, though the object is a mystery.

THE DIFFERENCE.

The Posters Characteristic of the Parties.

The Tribune slurs the posters on which are printed the Silver Party ticket. It criticises the typographical appearance, etc., it being about the only thing about the ticket that it could criticise. The posters aptly represent the characters of the two parties.

The Silver poster is printed at home in the Chronicle office and the Republican poster is printed at Francis and Valentine's, Clay street, San Francisco. To add the work away is an insult to every printing office in the State. That was always the policy of the Republican party of Nevada. The State officers always patronized San Francisco merchants when they order goods for the State.

They never consider the local merchant good enough to supply the State with anything. Of course the party clinging to its old time policy in the campaign. One would have thought for policy sake they would have patronized a printing office in this State, but true to its cut-throat instincts, the Committee went to a Clay street printing establishment for its posters.

But the worm has turned and the Republican papers of the State are giving the ticket a very weak support. They probably think that since the party gets its job work done at the firm of Francis & Valentine, it would be a good idea to let this firm of job printers whoop up the ticket.

A Big Deal.

The Carson and Tahoe Lumber and Fluming Company has bought a controlling interest in the Hobart & Marlette Company and will conduct the business of both companies hereafter. The deal is a big one, involving something like a million dollars, and will result in some changes in the conduct of the wood and lumber business in this section. The lumber and wood flume of the company which has sold out, which comes down from the mountains to Lakeview on the V. & T. railroad, will be dismantled and no more wood or lumber will be flumed to that point. The road and lumber will be brought down the purchasing company's flume, which comes into Carson. The Water Company's telephone between here and Lakeview will be discontinued as a consequence of the deal, and Lakeview will lose its fluming industry. The deal resulted from the shrinkage in the wood and lumber business, which would not support two companies.—Virginia Chronicle.

Cowardly Work.

Sacramento, Oct. 2.—There is great indignation in this city today over the action of some unknown persons, who under cover of darkness last night defaced the fence surrounding the convent of the Sisters of Mercy with the letters "A. P. A." The letters are in some instances three feet in height, and the fence, which encloses the entire block, is so marked every twenty or thirty feet. The work was evidently done with some preparation. After the fence had been lettered in this manner the parties threw a bucketful of black paint over the door to the convent enclosure. The Sisters have for thirty-five years been doing acts of charity in this city and have earned the respect of the people of all creeds.

All Straight Goods.

Ed. Appeal.—I notice that you are charging that there are Republicans still in the Mint. I believe with you that there ought to be none there, but your article conveys a wrong impression, for it may lead some people to think it is the Superintendent's fault. Now in justice to Mr. Adams I want to state that they are all straight goods in his department and don't you forget it.

A Silver Democrat.

Tipton, Ia., Oct. 2.—At the County Convention today a magnificent audience assembled to listen to United States Senator Allison. B. B. Broderick, who introduced the speaker, said Iowa would be proud to follow him as a presidential candidate two years hence. The Senator responded happily.

A Presidential Straw.

Rev. Hunting, Rector of the Episcopal Church of Virginia City was attacked by three Comstock toughs a few evenings since and promptly knocked one down. The hoodlums of Virginia will probably steer clear of the Church militant in future.

COAST NEWS.

Burglars got \$700 in jewelry and \$100 in cash from the residence of N. C. Babcock at San Jose Sunday night.

The steamer Dreadnaught is ashore at the entrance of the harbor at Vancouver, B. C., and will probably be a total loss.

Railway work is progressing rapidly south of Oceans, on the Southern Pacific Coast line. The men are at work on the 20-mile stretch.

Frank Dougherty, the best-known gambler in the Northwest, was shot and killed at Helena, Mont., Sunday, by one of the same fraternity, Thomas Cleary.

The jury in the case of Patterson, who was charged with shooting at the engineer of a train near Angeles during the strike, has disagreed. There were ten for conviction.

William Jeffery, an old resident of Payallup, Wash., and a deputy sheriff, was shot through the heart and instantly killed by a tramp at Meeker Junction, ten miles east of Tacoma Sunday.

Coolies are crossing into Arizona from Mexico to get free transportation to China, but the authorities propose to put the enterprising heathen at hard labor for a year and then have them deported.

Wednesday, on McNeill Island, the Penitentiary prisoners, led by John Wade, a notorious smuggler, who once before made a successful escape, secured poison and placed it in the food of Warden Palmer and his assistants. But for the fact that too much of the deadly stuff was used not one of the intended victims would have escaped with his life. As it was, all of them were made deathly sick. Four prisoners escaped.
